PROFESSIONAL SUMMARY

Entry-level QA Engineer with **hands-on experience** in **manual** and **API testing**, **test case design**, and **defect tracking**. Executed structured testing on real-world applications including authentication systems and real-time apps. Familiar with **Postman**, **JIRA**, and **Python** (basic automation). Focused on identifying defects early and improving application reliability.

SKILLS

- **Testing:** Manual Testing, Functional Testing, Regression, Smoke, Sanity, UI Testing, STLC, Agile
- **API Testing:** REST APIs, Postman, HTTP Methods, JSON, Authentication Testing
- **Automation:** Python, Pytest, Selenium,
- **Tools:** JIRA, Git, GitHub, Chrome DevTools
- **Database:** MongoDB, Basic SQL Validation

INTERNSHIP EXPERIENCE

Intern — Doveriye, Hyderabad

Aug 2025 – Dec 2025

- Performed manual and UI testing on a Python-based RAG application
- Tested user workflows, forms, and component behavior for functional accuracy
- Executed cross-browser and responsive testing across devices

PROJECTS

Authentication System — QA Testing (Security + Functional)

[Link to GitHub](#)

- Designed and **executed 150+ test cases** covering authentication and session flows
- Performed **API testing** to validate authentication logic and JSON responses
- Identified **13 defects**, including **NoSQL injection** and **missing rate-limiting**
- Documented defects with clear reproduction steps and severity classification

E-Commerce QA Automation Framework (API + UI + E2E)

[Link to GitHub](#)

- Built an **automation framework** using **Pytest** and **Selenium** for an e-commerce application
- Automated **API** and **UI workflows** including login, product browsing, cart, and checkout
- Implemented **end-to-end test scenarios** to validate complete user journeys
- Structured tests using **POM** and **fixtures** for maintainability and reuse

Wikipedia Accessibility Audit — WCAG Testing

[Link to GitHub](#)

- Conducted accessibility testing using automated tools and manual validation
- Identified issues including missing alt text, contrast failures, and navigation problems
- Documented findings based on **WCAG 2.1 guidelines**

EDUCATION

Master of Computer Applications (MCA) — CGPA: 8.53

2023 – 2025

Bachelor of Computer Applications (BCA) — 77.8%

2020 – 2023
